Dear Business Leader,

We are proud to announce that Village Profile has been selected to produce our 2012-2013 Business Directory and Community Information Guide. We invite you and your business to advertise in our newest Chamber publication which contains even more features to promote your business. A recent national study concluded that consumers are 63% more likely to buy goods and services from a business they believe is a member in good standing of the local Chamber of Commerce and are 44% more likely to think favorably about the business. Thank you in advance for your support of this exceptional venue to promote your business and stay connected to the local community.

Sincerely,

Bob Canter

President / CEO
